“Our creative partnership with APM Music and APM Custom has been extraordinarily successful as a result of many years of trust and respect for each other’s love (and knowledge) of music to picture. You guys are amazingly talented!”

—Gary Ford, Vice President, Global Music Services, Discovery Communications, LLC

“APM was literally instrumental in the development of jingles for the advent of *NASH FM, America’s Morning Show* and *Nash Nights Live*.

A great experience that is proudly played on all of NASH coast to coast!”

—Jan Jeffries, Senior Vice President, Corporate/Programming, Cumulus Media

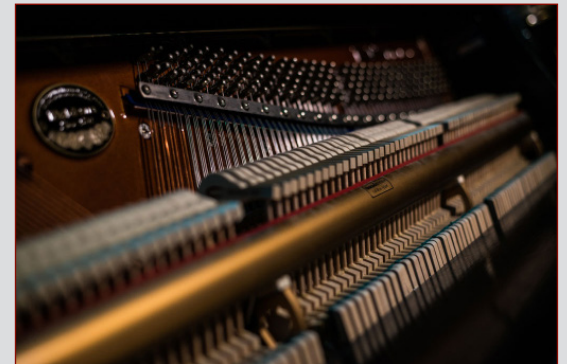

“I’ve worked with APM Custom on a variety of projects and I’ve always been impressed with their speed, quality and professionalism. I count myself among their fans.”

—Toddric Spalding, Director of Music, Mob Scene Creative + Productions

OUR STUDIO

With its classic “Westlake” style design, the APM Custom studio is universally loved for its warm and creative vibe. Back in the day, this studio hosted many prominent artists and producers such as David Foster, George Martin, Barbra Streisand, Michael Jackson, Quincy Jones, Lionel Ritchie and Beck, to name a few.

We can record anything, at any time. Our arsenal of both modern and vintage instruments and equipment gives us tremendous versatility to create just the right sound for any project.

“The team at APM are great partners. Whether it’s a search to help us to find that right piece of music, customizing a track or even creating something new we can always count on them to collaborate with us. When we are customizing tracks to fit our needs their composers bring great ideas to the table. They listen and translate all of the different directional pieces to hone in on an idea.”

—Neil Gabriel, Executive Producer, Hawthorne Direct
